

Raised Door Pull

Economical, attractive, general purpose door pulls designed for ease of operation on heavy doors and/or heavy traffic areas. Provided with security fasteners.

SS-212C

Recessed Door Pull

The 214 is of adequate size for easily manipulating large, heavy doors. Often used on inmate side of doors. Provided with security fasteners.

SS-214S

Knob Pull

An attractive, brass knob pull for light traffic areas where a fixed knob is required. Provided with security fasteners.

SS-215C

Escutcheon

The 218 Escutcheon is used to provide a close fit between a paracentric cylinder and the keyhole. It also serves to protect the finish around the keyhole from chipping. The one-way escutcheon prevents the key from being extracted from the cylinder while lock is in the unlocked condition. Provided with security fasteners.
